

A Message from our President

Good afternoon Members,

I'm writing this email to update you on the electrical situation at Bldg. D. There have been a lot of you asking about the electricity and the lights. On Wednesday April 22nd at 5:00pm through April 23rd at 12:00pm, Mountain View Clubhouse will be closed to complete the repair of a broken pressure switch.

After the switch is replaced, a high-voltage electrician is being scheduled to troubleshoot the power feed from Bldg. A to Bldg. D to rule out any shorts or other potential issues that may have originally caused the outage.

Let's keep our fingers crossed that there are no other issues and the power can be restored.

Best Regards,
Rich Allison - President
SCPD Pickleball Club
